

Mathematics

Students will be able to memorize and understand common concepts of the math section of the SAT, including algebra, geometry, numeric operations, word problems, logical problems, functions and statistics

Critical Reading

Students will be able to thoroughly understand passages, identify author's main point, memorize extensive vocabulary, and be able to answer questions effectively and correctly.

Writing

Students will be able to understand grammar, style, active versus passive voice, and able to identify errors in idiom usage, sentence structure, pronoun misuse, etc.

Early Start ACT/New SAT

Designed for students 8th grade and up, to give them an early start in preparing for the ACT as well as the new SAT test.

Intensive Review

Our intensive review program is designed for students who have successfully completed our ACT/SAT program. Students who enroll in this program typically take the ACT or SAT exam shortly after the program ends. The program consists of a weekly specialized ACT or SAT practice exam and a comprehensive review of the practice exam. It targets specific questions, methods of answering questions, and review helpful test-taking skills and tips.
